

ECC is ending. Your ERP doesn't have to. Plan. Transform. Succeed.

Move from SAP ECC to SAP S/4HANA with confidence.

SAP S/4HANA is more than a technical upgrade.

It is an opportunity to simplify processes, increase transparency and prepare your business for future growth.

Understanding logistics. Mastering SAP. Arriving together.

At a glance

- SAP S/4HANA transformation for logistics - built on our pre-configured FI/CO template for faster, lower-cost rollout
- Logistics, Finance and SAP expertise in one team
- Greenfield, Brownfield and Bluefield approaches
- Seamless integration of TMS and ERP environments
- End-to-end support from strategy to go-live
- RISE with SAP S/4HANA: subscription model, fully customizable
- Enterprise functionality, priced for the mid-market

Your benefits

- Less risk
- Real-time operational visibility
- Faster decisions
- Higher efficiency
- Reduced manual processing
- Faster financial closing
- Future-ready architecture
- One partner from strategy to operation

The challenge

Many logistics companies face:

- Legacy ERP systems
- Complex logistics processes
- Growing integration requirements
- Uncertain transformation paths

Why logineer?

- Logistics and SAP expertise in one team
- Proven SAP transformation approach
- Deep logistics process expertise
- Preconfigured FI/CO template accelerators
- TMS and ERP integration expertise

Find the right route to SAP S/4HANA

Every business is different. That's why there is no one-size-fits-all approach to SAP transformation.

Brownfield

Keep what works.

Move to SAP S/4HANA while retaining existing processes and configurations.

Greenfield

Start fresh.

Build a new SAP S/4HANA environment based on SAP Best Practices.

Bluefield

Take the best of both worlds.

Selectively migrate data and processes while combining existing strengths with future-ready capabilities.

Clarity for your path to SAP S/4HANA

We analyse your current situation, evaluate the options and develop a realistic roadmap.

From assessment to roadmap

Based on SAP Activate methodology and SAP Best Practices.

Assess

Assess your current landscape and business requirements

Prioritise

Prioritise requirements, opportunities and business value

Fit-to-Standard

Align processes with SAP Best Practices

Define Roadmap

Define the target state and next steps

Less risk. More clarity.

The first step: a structured Discovery & Delta Assessment with clear recommendations for your next decisions.
